## Skills

Over 12 years of experience in Computer Science, worked in analysis, QA, development, deploying and implementations. Also maintenance of native and mobile application using Obj-C and Swift. In my free time I took cyber security class as an exploitation of future technology.

## Experience

March 2017-May 2019

### **StubHub, San Francisco** – *Senior iOS Developer*

- Developed new features for different iOS versions and share extensions, widgets, public, private libraries. Received great feedback from app store and user.
- Improved uploading faster by 20% and retried downloading features from local gallery by using grand central dispatch.
- Utilized different states to better handle video/audio call UI and functions
- Made iOS app's new setting bar responsive to different sizes of screen (iPad iPhone)
- Separate localization for different types of languages there by support good translation by increased non english speaking users by 300% for iOS app
- Recoded group creation function to invite users from both client and server sides
- Added new features that lead a unit of teams of product manager, designer and QA

April 2015- Feb 2017

### **Udemy, San Francisco**– *Senior iOS Developer*

- Work closely with product and design team to implement features for TV and apple watch prototype.
- Handle build and release process, work with QA overseas
- Translate codebase to swift, increase swift usage in project overall
- Maintaining core data model with server side change
- Adapt component design pattern to project
- Migrate to latest XCode version and update requirements

Sept 2014 - Apr 2015

### **Mercari, San Francisco**– *Senior iOS Developer*

- Work with Japanese Team in Japan to corporate code consistency
- Developing new features with launching in Japan as well
- Translate code and comments to Japanese
- Create code standard that works with both sides.
- Test different version of US and JP app
- Localization testing in both EN and JP

## Education

May 2004- May 2006

**University of Southern California, Los Angeles** - *Master of Science in Computer Science*

May 2001- May 2004

**Iowa State University, Ames, IA** - *Bachelor of Science in Computer Science*
